### DIXIE BEE LINE

### ENTERTAINMENT PLANS

Will be held at Hopkinsville by Vice Presidents Friday

Hopkinsville, Ky., Aug. 16.—R. E. Cooper, vice president of the Dixie Bee Line Association and acting under authority given him by President Beese, of Evansville, has called a meeting of the county vice-presidents of the Dixie Bee Line Association in the counties in Kentucky and Tennessee through which routes for the Bee Line are being projected, to meet here next Friday for the purpose of settling the time and making plans for the entertainment of the committee which is to go over the proposed routes for the purpose of inspecting the roads and reporting as to their condition and mileage. Upon this report will depend largely the selection of the official route.

The week of September 13 has been largely suggested as the time for making this inspection, which will be made in automobiles. It is expected that this will be the time selected.

All the towns along any of the proposed highways are preparing to do big things in the way of entertaining the route inspection committee and the work of the program committee at next Friday's meeting here will be no easy one for they will be besieged by all sorts of requests from there.

### MODERN LEGISLATION

Modern legislation has just about succeeded in regulating everything except the growth of altruism and the speed of Washington society. The seal for regulation and inspection respects no boundary lines.

With the cleverly extorted consent of our indulgent Constitution, the Federal Government regulation and railroad, the express companies, private incomes and the elections in Indiana. With intricate and delicately adjusted mechanisms, state governments inspect everything from the purchase of coal hods for country schools to the length of bed sheets in Metropolitan hotels. Every man or woman hapless enough to be elected to office soon finds himself or herself heavily hounded and spied upon by a half dozen boards of review, who have to discover something crooked once in a while in order to justify their existence.—Judge.

Itching piles proves probably but profanity won't remove them. Dean's Ointment is recommended for itching, bleeding or protruding piles. Get at any drug store.

### MOB DESTROYS DRINK SHACK AT DAWSON

Dawson, Ky., Aug. 16.—The "soft drink" shack of Wm. Orten, situated just over the Hopkins county line in Caldwell county, on the outskirts of this place, was destroyed by a party of men numbering between 50 and 100 Sunday night. Shots were fired and the building riddled. Orten was recently forced to close his establishment at this place and constructed a shack, which was burned down Saturday night. Sunday he rebuilt and had intended to start in again this morning.

Mr. and Mrs. Tom Stokes leave tonight for Colorado, where he has accepted a position with the Colorado Southern R. R. Co.

## Indians Are Being Civilized

The original American citizen is losing his individuality, as according to the Census only three-tenths of one per cent of the entire population of the country is composed of Indians. An old rhyme runs: "When Columbus discovered America, and met the savage tribes; they were dressed in paint and feathers and little else besides." But now there is a tendency for the habits of the Indians if not the races themselves, to disappear altogether and in ten years there has been an increase in population of only seven per cent. The Director of the Census says there is a decreasing vitality of full blooded Indians, an increasing admixture of white blood, decreasing illiteracy, and a big falling off of the "Reservation Indian," and an increase in the number of self-supporting Indians. There are 75,000 Indians in Oklahoma, or twenty-eight per cent of the whole population. The count shows that in 1910 the number of Indians still living, excluding Alaska and Insular possessions numbered 265,693.

### Whenever You Need a General Tonic Take Groves

### DECIDE YOURSELF

The Opportunity is Here, Backed by Earlinton Testimony

Don't take our word for it. Don't depend on a stranger's statement.

Read Earlinton endorsement. Read the statement of Earlinton citizens.

And decide for yourself.

Here is one case of it. Mrs. Pearl Walton, Earlinton, says: "I suffered from weak kidneys, but at first I didn't pay much attention to the trouble. When I found that the kidney secretions were unnatural, I knew that something must be done. My rest was broken at night and in the morning I was tired and worn out. Another of the family had received great benefit from Dean's Kidney Pills, so I began taking them. They cured me and my kidneys have been in good condition since."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Dean's Kidney Pills—the same that Mrs. Walton had. Foster-Milburn Co., Props., Buffalo, N. Y.

## K. P.'S ON BOOM

The members of Victoria lodge No. 84, K. of P., at this place, have decided to do a little boosting in order to increase their attendance during this hot weather. Next Monday night a debate on the subject, "Resolved, That the United States Should Annex Mexico," will be held, affirmative, Prof. C. E. Dudley and Ernest Newton; negative, H. B. Withers and W. N. Martin. All the members are urged to be present, and all will doubtless spend a pleasant evening. The following Monday night another entertainment feature will be used, the next one another feature, and so on. To get the most out of an organization requires regular attendance, so all members owe it to themselves to attend regularly.

### Your Cough Can be Stopped

Using care to avoid draughts, exposures, sudden changes, and taking Dr. King's New Discovery, will positively relieve, and in time will surely rid you of your Cough. Money back if it fails. Get a bottle from your Druggist; it costs only a little and will help you so much. At all Druggists.

One way to relieve habitual constipation is to take regularly a mild laxative. Dean's Regulax is recommended for this purpose. 25c a box at all drug stores.

## Trot Out Your Big Peaches

Mr. Will Fault of St. Charles, last Saturday presented Capt. Paul P. Price and Col. W. A. Toombs each a mammoth peach which grew upon the premises of Mr. Thos. Wines near St. Charles they were the largest ever saw in this section. They weighed three quarters of a pound each and was perfectly formed. Mr. Wines would do well to devote his time to fruit and vegetables as he has always had great success in that line.

**The Quinine That Does Not Affect The Head** Because of its tonic and invigorative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE. 25c.

### WILL TEACH THE SHER-WOOD MUSIC LESSONS

Miss Ellen T. Whalen, one of the leading music teachers of this place will begin her fall term of music on Sept. 8th, introducing the Sherwood music lessons. Miss Whalen, who has completed this course of lessons and also the Teachers Normal training course with the Siegel Myers School of Music, Chicago, has been made one of their exponent teachers to teach the Sherwood Lessons. Circulars have been sent out from the school, explaining the Sherwood lessons, and their advantages, also announcing they have made Miss Whalen one of their teachers, to teach these lessons. For further particulars call on her at her home on Main St. or Phone No. 38.

### THE CURE OF ENVY

"Don't hate a man because he has lots of money," counsels a Eureka philosopher. "Cultivate his acquaintance and see if there isn't some honest way you can separate him from some of it."

—Kansas City Star.

## Standard Oil Strike Develops a Man

The Standard Oil strike has produced a reel man. Instead of proving to be a mere politician, Sheriff Kinkead has sized up to his business in a most remarkable way. First he punched the strike leader and an L. W. W. orator, discredited both of them; exerted a promise of higher wages from the Standard Oil officials, persuaded the strikers to go back to work, and when their strike committee attempted to interfere, he forced them to resign. Meanwhile when the police of Jersey City refused to assist him he swore them in as deputy sheriffs and compelled them to protect the men who were willing to work. It looks at this writing as if the nerve of one man would prevent a repetition here in the east of the Colorado horrors.

**To Drive Out Malaria And Build Up The System** Take the Old Standard GROVE'S TASTELESS chill TONIC. You know what you are taking, as the formula is printed on every label, showing it is Quinine and Iron in a tasteless form. The Quinine drives out malaria, the Iron builds up the system. 50 cents

### Lincoln on Temperance

On Sept. 23, 1863, a delegation of the Sons of Temperance waited on President Lincoln. In an address to them, Mr. Lincoln said:

"If I were better known than I am you would not need to be told that in the advocacy of the cause of temperance you have in me a friend and sympathizer. When I was a young man I, in a humble way, made temperance speeches and I think I may say to this day I have never, by my example belied what I then said."

"I think that the most reasonable men of the world have long since agreed that intemperance is one of the greatest if not the greatest of the evils among mankind."

This is the man that the liquor interests advertise as a saloon-keeper, a drinker of beer and an imposer of prohibition.

## THE SKIRT FOR THE PEDESTRIAN

Its Width and Length a Matter of Personal Preference

New York, Aug.—

Did it ever occur to you that the width of your skirt and the line of your frock had much to do with the grace of your carriage and the evenness of your disposition? That we should hop awkwardly, or glide gracefully, with the whim of fashion seems somewhat ridiculous, but such is the case. We cannot walk well or gracefully when skirts are tight. Luxuries are scarce in Paris just now—motors are doing war service; the Parisienne must walk or stay at home. She prefers to walk and as she absolutely refuses to be ungraceful, the wide skirt has

The Slim Girl With Her Greyhound. Gowned in the Princess Skirt

come back into favor. This was probably the first excuse for the change. We in America who have always loved the exercise of walking find the change grateful, too, and are not slow to accept the fad of walking for walking's sake. With the new wide skirts we find our stride lengthening, the worried line between our eyes disappears and walking once more becomes a pleasure.

## German Munitions as Compared With U. S.

German army before outbreak of war had five rifles for every soldier and 2,000 rounds of ammunition for each rifle, or 25,000,000 rifles and 50,000,000 rounds of ammunition. U. S. Government is credited with 60,000 modern Springfield rifles and 365,000 Krags. Capacity of the Government arsenals is about a million rounds of cartridges a day, which added to the five million rounds of private concerns would only give U. S. five cartridges per man per day should the U. S. put a million men in the field.

## Rheumatism

Just put a few drops of Sloan's on the painful spot and the pain stops. It is really wonderful how quickly Sloan's acts. No need to rub it in—laid on lightly it penetrates to the bone and brings relief at once. Kills rheumatic pain instantly.

Mr. James E. Alexander, of North Harpeth, Mo., writes: "Many strains in my back and hips brought on rheumatism in the sciatic nerve. I had it so bad one night when sitting in my chair, that I had to jump on my feet to get relief. I at once applied your Liniment to the affected part and in less than ten minutes it was perfectly easy. I think it is the best of all Liniments I have ever used."

Louisville, Ky.—"I have been much benefited by the use of Dr. Pierce's Favorite Prescription. When in a rundown, nervous condition I saw 'Favorite Prescription' advertised in the paper. # MOST PROMINENT PEOPLE IN STATE TAKING TANLAC

Include Mayors, County and Circuit Court Judges, Says Wm. E. Stagg, Lexington, Ky., Druggist

"I have sold Tanlac since the beginning of its introduction in Lexington, to the Mayors of a number of cities, County Judges, Circuit Judges, and to many of the most prominent business and professional men in Kentucky," says Wm. E. Stagg, the Lexington druggist.

"The demand for the preparation has been phenomenal. In all of my twenty years' experience in the drug business I have never seen anything that equals it."

"In addition to the Lexington demand, Tanlac has been shipped from my store to Kansas City, Mo.; Colorado Springs, Col.; Denver, Col.; Memphis, Tenn.; Meridian, Miss.; Bonilla, S. D.; Pittsburg, Pa.; Jacksonville, Fla.; Louisville, Ky.; Titusville, Ohio; Cincinnati, Ohio; Columbus, Ohio; Columbia, Tenn.; Palm Beach, Fla.; Phoenix, Ariz.; Los Angeles, Cal. and many other points throughout the country that are too numerous to mention. You may rest assured that every city in Kentucky has, too, heard of Tanlac."

"I can only account for the great demand for this preparation by the fact that it is a good medicine. That is proven by the numerous statements from those who have tested the medicine and are now convinced of its excellent merits. The public has evidently not been slow to appreciate the Tanlac merit."

"Practically \$20,000 worth of Tanlac has been sold and distributed through my store within the past few weeks. Such a demand is most unprecedented."

"My association with Mr. Cooper and the agency for Tanlac has been very pleasant. I therefore take pleasure in commending Mr. Cooper and his very excellent preparation."

## ARE FROM REMOTE SECTIONS OF GLOBE

Tanlac Draws Medicinal Properties From Many Points Far Away

HAVE GERMAN IN LABORATORY  
Every Detail of Preparation is Painstakingly and Skillfully Performed

The ingredients or medicinal elements which make Tanlac come from many remote sections of the earth, the Alps, Appennines, Pyreness, Russian Asia, Europe, Jamaica, Brazil, West Indies, Mountain States near the Rocky Mountains, Asia Minor, Persia, India, Russia, England, France, Germany, Mexico, Colombia and Peru, are among the points from which the principal properties of this remarkable preparation are obtained.

In the principal laboratory of the Cooper Medicine Co., Incorporated, under the efficient direction of Herr Joseph Trimbach, a native German chemist, these medicinal herbs, barks and flowers are assembled in the rough and painstakingly developed so as to obtain that high standard of efficiency shown by the uniform preparation Tanlac.

In sterilized bottles, made expressly for the purpose, Tanlac is placed, labeled and cartoned. The preparation is inspected again, and then crated for shipment to points over the world where the demand requires.

Tanlac can be obtained in this city and St. Charles at Geo. King & Sons' drug store and in Dawson at the Coleman & Wallace drug store. In Mortons Gap and Nortonville this preparation can be had at Robinson's and the City Drug Store.

## 'TANLAC MAN' IS GREATLY PLEASED

L. T. Cooper Gratified at Kentucky's Reception of New Remedy

HIS FAITH IS FULLY JUSTIFIED

Instantaneous Popularity of Premier Preparation Unexpected

L. T. Cooper, "The Tanlac Man," has become famous through his philanthropies and the wide-spread discussion invariably causes wherever he introduces it. He realizes that he is a public servant, and that it would be no more possible for him to avoid publicity than for your Congressman or your Senator to avoid it. Nor does he shrink from it, as he explained recently in an interview.

"Publicity is invaluable in making known to the public the merits of Tanlac," he said. "It is true that a great deal of Tanlac is sold without the aid of the newspapers to friends of those who have been benefited by it. But it would not have reached such enormous sales without advertising."

### Is Proud of Tanlac

"It is necessary for me personally to supervise the introduction of my remedy into new territory. I am always glad to take the personal responsibility as to its merits. As a matter of fact, I am proud of Tanlac. If I did not sincerely believe it to be the premier preparation I never would call it that."

"My faith in Tanlac has been amply justified by its reception in Kentucky. This gratifies me especially because I am a native Kentuckian and love my State. I confess that, although I had seen enormous sales of my remedy in other places, I had not expected it to leap into such instantaneous popularity."

"I am also gratified at the great number of those who have come forward to tell publicly of the good Tanlac had done them and to praise its merits. I am glad that so many Kentuckians have added their voices to the chorus which has always followed the introduction of my remedy."

Tanlac can be obtained in this city and St. Charles at Geo. King & Sons' drug store and in Dawson at the Coleman & Wallace drug store. In Morton and Nortonville this preparation can be had at Robinson's and the City Drug Store.

## PAT LALLY STATES TANLAC IS TIPTOP

Inspector of Louisville Railway Company Recommends New Preparation

Pat Lally, inspector of the Louisville Railway Company, a man who is universally known and liked, says: "I have suffered from stomach trouble, which developed gradually into a general debilitated condition."

"I had indigestion, and my food didn't taste quite right. Whenever I got up in the morning I had a disagreeable taste in my mouth, was constipated, there was a fullness in my head and throat, and had no desire to eat breakfast."

"I just had that tired all-the-time feeling, and really pulled myself through the day. I don't know how to describe it better than to say that it was a sleepy feeling, with my body half numb from the time."

"I heard people talking about the way Tanlac was helping them, and I got me a bottle to try. As soon as I had taken a half bottle of Tanlac I began to improve. It is different with me now. When I awaken in the morning I feel refreshed, for I can sleep. My appetite is also good, and my food agrees with me. That tired feeling has left me, and I am buoyant and feel like a new man. The only trouble with the medicine is that it makes me eat too much, but I certainly do enjoy everything I eat."

"I think it is a credit to the city to have Mr. Cooper and his remarkable medicine in Louisville. Mr. Cooper has demonstrated his hospitality here in a commendable manner, and I think all of us should appreciate his efforts."

Tanlac can be obtained in this city and St. Charles at Geo. King & Sons' drug store and in Dawson at the Coleman & Wallace drug store. In Morton and Nortonville this preparation can be had at Robinson's and the City Drug Store.

## Druggists Say Tanlac Is Their Best Seller; Tell of Praise It Wins

Agents Declare They Have "Repeat Orders" Nearly Every Time One Bottle is Bought--Nothing but Enthusiastic Appreciation Heard From Customers After They Have Tried Premier Preparation

### HAVE TROUBLE KEEPING IT IN STOCK

Druggists in every part of Kentucky have written to L. T. Cooper, "the Tanlac man," telling him how pleased they are to have the agency for his remedy. Without exception they declare they have never had a medicine which sold so rapidly.

Tanlac goes to an exclusive agency in those towns where it is sold. Mr. Cooper exercises special care in the selection of his agents. As a rule there is sharp competition between drug firms for the agency.

"My only complaint against Tanlac is that I can't keep enough of it in stock," one of them writes, and others have adopted similar tones. All of them were enthusiastic in praise of the preparation. They declare that their customers have universally shown satisfaction.

"We have repeat orders on practically every bottle of Tanlac we sell," many of them wrote.

One of the firms to write was Gartner & Bowmer, Madisonville.

"Our sales of Tanlac," they wrote, "exceeded our expectations. We made our first purchase after some hesitation not knowing its real value but we are glad now to be your agent here. We know, when we recommend a bottle of Tanlac, that the customer is pretty certain to come to us for another bottle. We have never had a complaint of it. On the contrary, everyone, who, tries the remedy praiseth it."

### Gives Perfect Satisfaction

The Warham Drug Company, of Morganfield, wrote that it was "selling Tanlac to our competitors at the same price as to customers," and expected to continue this. "All the Tanlac sold by me has given perfect satisfaction," writes B. K. Bailey, the druggist at Warsaw.

## COOPER TELLS WHY TANLAC IS POPULAR

"If I have been successful with Tanlac," says L. T. Cooper, "it is because the preparations contains real merit."

"Tanlac is the result of many years of arduous study by my principal chemist. In fact, the two of us have carefully watched its development from the beginning of the experimental tests to its present high state of efficiency."

"In base of catarrhal affections of the mucous membranes, stomach, liver and kidney complaint, I believe there is nothing so far discovered that will equal the action of Tanlac."

"Ever and anon, someone suggests something that may tend to better our conditions, whether it may pertain to our health, our business, or our sociological state. It has, therefore been my pleasure this time to offer to the world Tanlac."

"When I came to Louisville, I stated that the success of the medicine would be as great in this city as it was elsewhere. I offered Tanlac upon its merits, knowing full well that it would prove satisfactory if properly tested."

"The success the preparation has achieved here in Louisville is ample evidence that my confidence in Tanlac is well placed."

"A large percentage of your best people are now using the preparation and they are daily testifying to its miraculous powers as a medicine of exceptional value in instances of catarrh, stomach, liver and kidney derangements, nervous debility and in cases where a superior tonic is required."

"It is true that the demand for Tanlac has been large, but no larger than I had expected. Louisville is only awakening to an appreciation of the value of such a preparation. Tanlac's success in your city will be even greater."

## WOMEN WHO ARE ALWAYS TIRED

Swan Creek, Mich.—"I cannot speak too highly of your medicine. When through neglect or overwork I get run down and my appetite is poor and I have that weak, languid, always tired feeling, I get a bottle of Lydia E.
